

# Measuring Tapes

## Open Reel Long Tapes

	<p><b>Metrica 50 and 100m Steel Super Action Tape a Tape for the Professional -Made in Italy</b>                  The Metrica Super Action Open Reel Steel Tape has an ergonomically shaped frame and a rubberized handle with anti-slip coating. It features an exclusive extraction system with blocked crank, is superlight and will not tire your wrist during use and transport. The tape is nylon coated to prevent wear and corrosion and has a foldable hook at the end. The tape comes with a sturdy carry bag . Available in 50 and 100m lengths</p>
	<p><b>Tajima 100M Nylon coated Open Reel Steel Measuring Tape</b>                  Engineer super wide 100m tape features superior accuracy and zero stretch and is fitted with an end hook for convenience. Comes with carry strap.</p>
	<p><b>Yamayo Steel Open Reel Tape</b>                  This high quality, nylon coated open reel steel measuring tape is practically unbreakable. It is tough, durable and rust resistant, even against seawater. Easy to clean in water and very accurate. Made in Japan.                  Available in 50m and 100m lengths</p>
	<p><b>Komelon Fibreglass Open Reel Tape</b>                  The Komelon UniGrip Fix Fibreglass Tape Measures are made to withstand 10'000 cycles. The double-coated blade protects markings and graduations from chemical and mechanical abrasion. It is waterproof and dirt resistant. The tape resists stretching even in extreme temperature. The white and yellow colours on either side of the tape prevent twisting while in use.                  Available in 30m, 50m and 100m lengths</p>
<h2>Pocket Tapes</h2>	
	<p><b>Metrica 5m and 3m Inside Reading Measuring Tape</b></p> <ul style="list-style-type: none"> <li>• Window for direct reading of inside measurement</li> <li>• Nylon coated tape</li> <li>• Top window and rear side markings</li> <li>• Ease of reading between openings</li> <li>• Size: 5m x 19cm, or 3m x 16cm</li> </ul>  
	<p><b>Sola Big T EC - Class I Tape 8m x 25mm</b>                  High quality pocket tape has a 25mm blade and takes measurements up to 8metres with Class I accuracy. The non-slip case delivers a positive feel and the transparent end-hook means you are seeing what you want to measure right from the start. Exact 2-piece tape brake for precise inner measuring. Comes with removable belt clip.</p>
<h2>Diameter Tapes</h2>	
	<p><b>Yamayo Million Diameter 3M Fibreglass Tape with Hook</b>                  Front of tape: Graduated on both edges. Graduated and marked on vertical position. White and red background in every 20cm interval. Back of tape: Graduated and marked on horizontal position. Red &amp; white background in every 1m interval. Made in Japan</p>
	<p><b>Yamayo Million Diameter 3 &amp; 5M Tape with Hook</b>                  The Yamayo diameter tapes measure both distance and diameter making them the perfect tool for forestry, tree felling and environmental research. They are also commonly used to measure the diameter of rain water tanks and pipes. The tape features a retractable 12.5mm wide PVC coated fiberglass tape that is durable and long lasting. Available in 10/3 metre and 20/5 metre lengths.</p>

# Water Level Indicators

	<p><b>Richter Depth Gauge with Electronic Indicator</b></p> <p>The Richter electronic water level indicator provides accurate water level measurements in wells or boreholes even under noisy conditions. When the probe touches the water level a light beams on the winding device and the beeper sounds - only water can set off the light.</p> <p>The rugged construction includes a number of innovative features to ensure the accuracy and long life of the unit. The tape is available in 50m and 500m lengths.</p> <p><b>A Quality German made Product</b></p>
	<p><b>Yamayo "Million" PVC Coated Fibreglass Open Reel Water Level Measure 50m x 12.5mm</b></p> <p>The portable 50m open reel water level indicator consists of an extreme tough and durable fiberglass tape. Can be used without earthed line. <b>Not to be used in saltwater</b></p> 
	<p><b>Yamayo "Million" PCV Coated Fibreglass Tape Rope Water Level Measure 100m</b></p> <p>This sturdy and portable 100m PVC coated fiberglass tape combined with probe can be used in any conductive liquid. When the probe touches water a light beams on the winding devices and the buzzer sounds.</p> <p><b>This instrument should not be used in petroleum or any flammable liquid.</b></p>

## For the Wine Industry

	<p><b>Stainless Floating Dip Weight with Tape</b></p> <p>This inexpensive and easy to use stainless floating dip weight is the perfect solution to measure fluid level in tanks, barrels or containers. Originally designed for the food and beverage industry it can be used in almost any liquid. Simply hook the stainless steel dish to the dipping tape and lower it into the liquid. Use it to measure how full or empty the wine barrel, rainwater tank or water well is.</p>  <p>Comes with Richter 10m Stainless Dip Tape and Hook</p>
