

Vortex Diamondback 10 x 42 Binocular

Whether your adventure takes you across rocky, sand-carved terrain, or into the high timber of the Rockies, you can trust the rock-solid performance of the Diamondback binocular. The Diamondback's protective rubber coating gives you a sure grip that is easy to handle, even as fingers grow numb in the cold. In addition, the retractable Diamondback eyecups feature a soft, tapered style for a more natural fit at your eye—cushioned with rubber for years of relaxed viewing .

The optical system with enhanced, dielectric fully multi-coated lenses serves up stunning views and impressive low light performance, critical attributes when working to glass up and evaluate game. And with the ultra-wide, best in class, field of view, you can efficiently cover ground and acquire subjects with ease.

Complete waterproof protection keeps dust and water out of the optical system with tight O-ring seals.

Argon Gas purging: This advanced process protects your Diamondback Binocular in the following ways:

- Argon gas does not absorb or react chemically with water.
- Argon gas eliminates internal fogging.
- Argon gas maintains its protective properties over a wider temperature range.
- Argon gas does not diffuse as quickly as other elements, extending the service life of the optics

Features:

OPTICAL

- Fully multi-coated - increased light transmission with multiple anti-reflective coatings on all air to glass surfaces.
- Dielectric coating - Multi-layer prism coatings provide bright, clear colour and images.

CONSTRUCTION

- Fog proof - Nitrogen gas purging delivers fog proof, waterproof performance.

CONVENIENCE

- Adjustable Eyecups - Twist up and down for comfortable viewing with or without eyeglasses.
- Centre Focus Wheel - Adjust the focus of both binocular barrels at the same time.
- Diopter - Adjusts for differences in a user's eyes. Located on right eyepiece.
- Tripod adaptable - compatible with a tripod adapter, allowing use on a tripod or car window mount.

The Vortex Diamondback Binocular comes with rubber armoring, neck straps, form molded carry case, rain and dust shield, detachable flip-down style lens covers and a lifetime transferable warranty. This eyeglass wearer friendly piece makes an excellent travel size binocular while maintaining the performance benefits of a full size.

Specifications	
Magnification	10 x
Objective Lens Diameter	42 mm
Eye Relief	15 mm
Exit Pupil	4.2 mm
Linear Field of View	100 m
Angular Field of View	6.3 degrees
Close Focus	2 m
Interpupillary Distance	55-57 mm
Height	14.7 cm
Width	12.954 cm
Weight	618 grams

Optional Accessories:

Tripod Mount

Car Window Mount
