

The leader in Efficiency

i66R

Red Beam | ROTATING LASER

The class leader in economical lasers, the Imex i66R is the best laser for everyday general levelling. Features a digital mm reading detector and a one button function for quick and easy set-up, lithium-ion battery for long run time and robust fully enclosed laser diode for excellent results for a variety of trades.

Features

- Self-levelling
- 400m diameter range (1300')
- 2.0mm accuracy @ 30m (1/8" @ 100')
- 9 Ah lithium-ion battery approx. 40hr run time
- USB quick charge port plus car charger
- LRX6 German made mm reading detector with 60mm (2 1/2") pick-up
- Detector measures in 1.0mm, 2.0mm and 5.0mm increments
- Out of level warning light
- IP66 water resistant and shockproof
- One button function
